

PRESIDENT TO DISCUSS TREATY IN HIS MESSAGE

Will Have Nothing to Say About Senate Rejection Until Congress Meets.

SUPREME COUNCIL ACTS

Agrees Upon December 1 As Date When German Peace Treaty Will Be Formally Ratified; Will Demand Protocol on Armistice Provisions.

By Associated Press.
WASHINGTON, Nov. 21.—President Wilson will take up the whole subject of the treaty of Versailles in his message to Congress December 1, it was stated officially today at the White House. Officially he will have nothing to say concerning the Senate's action in rejecting the treaty.

Before Congress convenes, it was said, administration Senators will confer, and it is possible that the mild reservationists of the Republican side will participate with a view to working out an acceptable compromise on reservations.

Regardless of who is selected to succeed the late Senator Martin, Democratic leader in the Senate there will be no change in the leadership in the treaty fight, it was stated at the White House. Action by the supreme council at Paris in fixing December 1 as the date for formal proclamation of a state of peace between the powers ratifying the treaty of Versailles fulfilled the expectations of administration officials. After the Senate had ended its special session without ratifying the treaty the general feeling here was that Europe would not wait longer for this country's decision. Under the treaty's provisions the exchange of ratifications could have been made as soon as three of the great powers had ratified but the date was delayed, it was announced, largely because it was desired to have the United States a party from the first. All four of the other great powers, Great Britain, France, Italy and Japan, now have ratified.

PARIS, Nov. 21.—The supreme council today agreed upon December 1 as the date when the German peace treaty will be formally ratified. Officially the date was held until the conference with the notification by the Allies that a protocol must be signed by Germany guaranteeing fulfillment of the armistice conditions. These discussions have been confined to the method of procedure in considering the protocol. As yet the Germans have not said whether they will sign the document.

WETS STILL HOPE

Have Faith in Result of Supreme Court Decision on Prohibition.

By Associated Press.
WASHINGTON, Nov. 21.—While the supreme court was hearing arguments yesterday on the validity of the war-time prohibition act, word went out from the White House that President Wilson would not rescind the "dry" act until peace formally had been declared.

This was expected to set at rest the ever-recurring rumor that the "dry" law would be lifted by the President respecting of early ratification of the treaty of Versailles. Failure of the senate to ratify the treaty, the extraordinary session was regarded by many administration officials as prelude to the coming of the constitutional amendment which would be based on effective next January 1.

Should such prove the case, the only possibility of a "wet" Christmas would be for the supreme court to declare the war-time act unconstitutional. Arguments on the pending case will be concluded today.

Arguments on the constitutionality of the war-time prohibition act were concluded today in the supreme court. There was no indication when a decision would be rendered but because of the importance of the question court officials said they would not be surprised to see the case decided on December 1 when the court reconvenes after a recess of two weeks.

STEEL MILLS FACED WITH COAL SHORTAGE AND MAY CLOSE DOWN

Ohio Plants of Mahoning and Shenango Valleys Are Cut Off From Fuel Supply.
By Associated Press.
YOUNGSTOWN, O., Nov. 21.—Ohio mills of the Mahoning and Shenango valleys, forming the second largest steel producing region in the country, today faced possibility of closing on account of the coal shortage following orders by D. T. Murray, local fuel director, cutting off supplies to all factories.

Mr. Murray's order to cut off distribution of coal to classifications on the priority list after Schedule "E," leave public utilities and retail dealers on the list.

Some of the smaller steel mills will be forced to close in two or three days, it was said by company officials. The larger plants have supplies for periods ranging from two to 30 days.

Obsolete Beverage Flows Away Through Specially Prepared Trough.

By Associated Press.
CHICAGO, Ill., Nov. 21.—From a platform six feet high, 138,997 bottles of 2 1/2 per cent beer today were emptied into a specially built trough that ran to an open sewer.

Mayor Glendon poured the first bottle and Chief of Police Becker and his aides finished the operation. The ceremony was postponed several days ago to permit construction of the platform and trough so as to prevent "contamination" of the streets.

The empty bottles were sold to a junk dealer for \$2,148.

The beer was ordered destroyed by Judge Edwards of the Vanuegan Circuit court after it had been found that when seized from smugglers from Wisconsin.

BUT THIS JUDGE SAYS 2 1/2 STUFF ISN'T INTOXICATING.

ST. LOUIS, Mo., Nov. 21.—Beer of 2 1/2 alcoholic content was declared to be non-intoxicating in a decision handed down today by Judge Follock of the United States district court in which he granted a temporary injunction restraining United States District Attorney Hensley and Internal Revenue collector Moore from enforcing the war-time prohibition act against St. Louis brewers.

MINERS REJECT WAGE INCREASE BUT SOME AGREEMENT IS LIKELY

Lewis Intimates Willingness to Come Down a Degree From Original Demands.

By Associated Press.
WASHINGTON, D. C., Nov. 21.—Prospects for an agreement that would settle the coal strike were considered brighter last night than at any time since the strike began, it was said. The operators offered to the miners' representatives a flat increase of 15 cents a ton on coal mined, and 50 per cent increase for day workers.

John L. Lewis, acting president of the Mine Workers of America, outwardly stamped the proposition as wholly inadequate but both sides privately took the offer as a beginning of the life and an opening for trading their answer.

Meanwhile, the government continued to hold hands off, and Fuel Administrator Garfield took no steps openly to ration or restrict coal consumption.

President Lewis of the mine workers, after the close of the long session Thursday, said he considered that the operators' proposal had "contributed nothing to the settlement of the difficulties," but at the same time indicated that the miners were preparing to come down a degree in their demands for a six-hour day and a 50 per cent increase.

"The operators are proposing something that they know can't be accepted," he said. "The fact is, however, that they are willing to give us something that would give us back in increased charges to miners for supplies. Then they haven't talked the question of hours at all. It isn't necessary to take up the six-hour proposal. We have many of our men who work nine and 10 hours a day under present conditions. It is a question of present right-hour day in many mines is merely a basic theory, and not an actual fact."

Bituminous coal mine operators served what was practically an ultimatum on the miners' representatives today, telling them a flat and 20 per cent day wage increase was the utmost that could be given. The miners went into a conference immediately to consider the offer.

Acting President John L. Lewis of the mine workers' organization, who spent a part of the morning closeted with Secretary of Labor Wilson, president of the miners' union, said it was a joint conference of the operators and miners would be resumed this afternoon at which time the miners would present their answer.

Before entering the joint conference Lewis reiterated that the operators' offer was inadequate and unacceptable. He indicated that it would be given further consideration by the miners if it could be enlarged to cover details of working conditions and allowances for dead work for the miners. The operators left the proposal in its original form.

Lewis announced after the miners' conference broke up that no conclusion had been reached and that the situation stood as it had been. Miners, he explained, would go into the joint session this afternoon without having a definite response to the operators' proposal.

ARE YOU TOO THIN? THAT'S TOO BAD BUT YOU'LL LIVE LONGER

CHICAGO, Nov. 21.—In an address before the American Institute of Actuaries, E. W. Busholth, Indianapolis, who has devoted years to the study of life insurance, made these observations:

The thin persons live longer than fat persons. That the moderate use of alcoholic beverages is not likely to lessen life. That the middle West is the most hospitable locality of the United States.

That the extreme South is the most unhealthy section of the United States.

BODY FOUND IN CREEK IDENTIFIED AS THAT OF CUMBERLAND MAN

Attache of Foreign Exchange Bank Believed Victim of Black Hand Plot.

The body found in the Jackson Creek near Keokuk, on the afternoon of November 13, was identified today as that of Fernando Ragones, an Italian attache of a foreign exchange bank at Cumberland, Md. The president of the institution visited Coroner S. E. Baumgartner and accompanied him to the scene of the discovery. The body was found in the creek near the railroad crossing where the Scottville morgue where the body has been kept awaiting identification.

The Cumberland man was positive that he was the victim of a Black Hand plot. Ragones had been visiting friends in Keokuk, it is reported. His body had 18 knife wounds in it when discovered by the crew of a shifting machine.

PASTOR DEPOSED

Rev. Gilbert, Lutheran Minister, Accused of Disloyalty.

PITTSBURGH, Nov. 21.—Further strengthening of the bonds by which the two Lutheran synods, embracing the Pittsburgh district, have embraced the merger convention of the two synods at McCree's dining room last night.

Robert S. Wolf was toastmaster and the speakers were the Rev. Dr. E. B. Burgess of Connellsville, the newly-elected president of the synod; Mrs. G. S. Herber of Irwin, the newly-elected president of the Women's Home and Foreign Missionary society; H. W. Fuhr of Pittsburgh, D. A. Lowe of Erie and the Rev. Dr. H. W. Eason, president of Thiel College at Greenville, Pa.

Most of yesterday's session was consumed in trying the case of the Rev. H. S. Gilbert, formerly pastor of the Carrick Lutheran church, on charges of conduct unbecoming a minister. Mr. Gilbert had not been in the active ministry for almost four years, since he was released from the pastorate of the church of St. Mark's, W. Va. It was charged that Mr. Gilbert had been guilty of utterances of disloyalty against the United States, that he had been unfaithful to his vows as minister, and that he had been so indiscreet as to bring the church he represented into disrepute.

Mr. Gilbert was summoned to appear before the synod, but did not appear, and after deliberation, which continued throughout the entire day, he was deposed from the office.

H. S. TEAM PRACTICES AFTER DARK WITH LUMINOUS BALL

Flaskin Treated With Phosphorus Paint and Shellac Can Be Seen in Gloom.

Preparing for a victory over the Dunbar township football warriors tomorrow afternoon at Fayette field, Coach Folk of the local high school, has been working his men long after dark and in order to carry on this late practice has introduced a new idea—a luminous football. The ball is painted with powdered phosphorus and oil and then shellacked. Coach Folk and several of the players tried the experiment out in a dark room in the high school and found it to be a success, so now, with the help of the brilliant pigskin, the players are getting in lots of practice. The luminous football, it is said, has been playing very good football since the year.

The biggest crowd of the season is expected for tomorrow's Connellsville football game at Fayette field. Quite likely all attendance is expected, of course. Thanks to the day games and the Uniontown game of the former years, it is expected that the Connellsville team will be better than ever.

All the Connellsville football players are planning to send delegates to the annual meeting of the Dunbar township football association for the first time from the Connellsville boys. Dunbar township, Vanhook and Dawson will have delegates supporting each team, as both teams have pupils enrolled from these towns. The game will start promptly at 3 o'clock.

While Coach Folk has given no indication who will carry the game, Connellsville will likely line up as follows: Left end, Melnick; left tackle, Yawner; left guard, Tomaski; center, Yawner; right guard, Tomaski; right tackle, Melnick; quarterback, Francis; half back, Burpee and Whipple; full back, Rose.

If Dunbar's lineup will not permit him to play, his place will be taken by either Nield or Strawn.

JURY ACQUITS "WATER CURE" DOCTOR ACCUSED OF ILLEGAL PRACTICE

Greensburg Man Prosecuted By Medical Society Found Not Guilty of Charge.

Charged with a misdemeanor in practicing a method of healing known as the "water cure," "Doctor" David Hamilton of East Greensburg on Wednesday won his case in the Westmoreland county court at Greensburg. Dr. C. E. Snyder of Greensburg, representing the Westmoreland medical society was the prosecutor.

It was charged by the prosecution that the defendant had not been complying with the laws of the state regulating medical practitioners. For more than 10 years, Dr. Hamilton has had a sanitarium in Greensburg and he has been credited with effecting marvelous cures. He declared in court that he did not give treatment to persons with scarlet fever or diphtheria or other contagious diseases; neither does he attempt to treat cases where surgical operations are necessary.

The case was called to trial before Judge A. D. McConnell, Wednesday afternoon. The defendant was represented by Attorney Monroch and Smith and Brier, District Attorney Cort and Attorney C. C. Crowell prosecuted. Many prominent people of the town were present when the case was called. They had expected to hear a great legal battle but the trial was very short duration. Men and women who had been successfully treated were present in court.

STORE ROBBED

Woolworth's Entered, Apparently by Small Boys.

Prying up the doors of the rear entrance to the basement of the Woolworth five and ten cent store last evening, robbers, believed to be boys, crawled through a small opening in the store and made their way into the store. They got away with \$6 in silver change left for the opening of business in the morning and other articles, including some candy.

The robbery was staged after 7 o'clock. W. E. Larson, the assistant manager, who sleeps in a room over the store and had been engaged in trimming the windows, went to supper at 7 o'clock and came back at 8, resuming his work in the windows. A half hour later he had occasion to walk to the rear of the store and found evidences of the robbery. Articles were strewn about on the floor and the wooden bar which is placed across the doors had been removed, evidently with the intention of opening the doors and carrying away the contents of goods. It is believed the robbers were interrupted by the return of Mr. Larson and hurried away.

Though bright electric lights were burning the intruders came right up to the front of the store and got some candy. Disarranged stockings showed they had been there.

To get under the basement doors, which lie almost on street level and are held together by a lock a bar was used to pry them up sufficiently to get bricks under. By this means they were enabled to crawl through the narrow opening.

Mrs. Lillian Greer of Dunbar, who underwent an operation at the South Side private hospital, is recovering.

LOCAL MEN LOSE SUIT TO COLLECT COAL COMMISSION

Deposition of Lloyd J. Shaw, Who Died of Wounds in German Hospital, Figures in Trial; Court News... Deposition of Lloyd J. Shaw, of Connellsville, who died in the German prison camp at Metz, and taken before he sailed overseas, was read to the jury in Uniontown yesterday afternoon in the suit of Shaw & Barner and Charles F. Bishop to collect commission in a coal deal from Ella Mae Johnson. Judge J. C. Work before whom the case was heard, gave binding instructions to the jury for a verdict for the defendant. The testimony was to the effect that the firm did not have a broker's license at the time of the transaction. Shaw left the real estate firm of which he was the senior partner to enter the mill-lary service.

The parties in the case had entered into a written agreement authorizing the real estate firm to sell 225 acres of coal in German township with a commission of five per cent. The coal was sold later by Mrs. Johnson to Joseph Hochstetler, Jr., for \$16,000. The plaintiffs claimed that they first interested Hochstetler in the coal property although it was admitted that Mrs. Johnson had actually concluded the deal.

Testimony was commenced yesterday before Judge J. C. Van Swearingen to the trespass action of John E. Graham of Dunbar township, against the Uniontown Radial Street Railway company. The action is based upon a slide which had occurred on Graham's farm where grading was necessary to establish the roadbed on the company's right of way. The afternoon was taken up entirely with hearing expert testimony of engineers who made surveys and plots on the land.

DISPUTE OVER MINE SAID TO HAVE ENDED IN A GUN BATTLE

Indiana Creek Valley Factions, It Is Charged, Fought the Fight.

Butter, having engendered by a dispute over the ownership of a coal mine is said to have culminated in a gun battle last evening at Rogers Mill between members of the family of J. W. Barker and others, whose identity has not been revealed but who are said to be an opposing faction headed by Charles Rose.

According to information received here the exchange of shots followed the burning of a small building near the tipple of the mine operated by Barker. The fire occurred about dark. Enemies of the Barkers are blamed. Shortly afterward, it is said, somebody in the woods nearby opened fire on another building in which some of the Barkers were gathered, discussing the incident. The fire was returned but nobody was hurt.

J. W. Barker recently moved to Connellsville. His son, Perry, who is in charge of the mine, came to Connellsville this morning and related the story to the father. Later the two boarded a car for Uniontown. What their mission was could not be learned. It was said possible action against the Rose was contemplated. The two factions have been in litigation for some time over the mine. Rose, it is said, claims a reservation of an acre. The operation of the Barker mine is said to have cut off Rose from the reservation he claimed. The mine was formerly that of the Rice Slope Coal company. W. E. Rice of Connellsville developed it and then sold his share to Barker.

This morning there was another near encounter with guns at the station of the Indiana Creek Valley Railway company but it got no farther than the use of fists. One of the Barkers is said to have struck Rose. Revolvers and shotguns were in evidence. It was said by passengers who were neutral and who were apparently not inclined to discuss the affair.

DAILIES MUST REDUCE IN SIZE TO SAVE PAPER

Publishers Decide on Conservation Measures and Boost in Rates.

ASSOCIATION IS PLANNED

Committee Named to Secure Cooperation of Owners in Tri-State District With View of Forming Organization; Meet Again in January.

Rapidly advancing price of newsprint or white paper and the growing scarcity of the supply rendering some action necessary, Western Pennsylvania newspaper publishers, at a meeting Thursday at the William Penn hotel in Pittsburgh, recommended heavy increases in advertising rates, an increase in subscription price and conservation measures. To bring about cooperation of publishers in Western Pennsylvania and Eastern Ohio and West Virginia a committee on organization was named with a view to organizing what eventually will be the Tri-State Publishers' association.

John L. Stewart, of the Observer, Washington, Pa., who presided, named John O'Donnell of the News-Standard, Uniontown; J. E. Long, of the Standard, Daily News, and Robert W. Herbert, Greensburg Tribune, as members of a committee on organization.

The meeting, called by President John L. Stewart of the Western Pennsylvania Association of Dailies, was attended by 50 publishers, among them J. J. Driscoll, secretary-treasurer and business manager of the Courier.

In addition to adopting resolutions urging advertising and subscription increases, the publishers discussed rationing of paper, reduction of the number of pages and other means of conserving the limited supply of white paper.

Many of the publishers present announced that they had already given notice of increase in both advertising rates and subscription prices to their patrons. Others told of sales of newspaper paper in the open market at 10 cents a pound. "I. R. Williams of Pittsburgh, representing the Pittsburgh Publishers' association, back of a meeting of the American Publishers' association in New York, said the publishers already face a shortage for the coming year. The production in this country and Canada, he said, is 2,500,000 tons and the increased production in sight for the coming year is but three to five per cent.

Elimination of the Sunday comics by the larger papers, reduction of the size of sporting and society sections were recommended as means of conservation.

The publishers will meet again in January to further discuss the situation.

DRIVES HIS TRAIN

Brother of S. M. DeHuff Pilots Engine of Belgium Monarch's Special.

When the special train bearing the King and Queen of Belgium and members of the royal party, reached Altoona recently on route to New York, George P. DeHuff, of Harrisburg, passenger road foreman of engines of the Middle Division of the Pennsylvania railroad, and brother of S. M. DeHuff, wire chief at the local B. & O. offices, was placed in charge of the throttle for the run to Harrisburg. Extra was formerly the fire stationed at various points along the division for emergency use to insure the arrival of the train at the division terminals on scheduled time.

Another brother of the local man is a train master of the Middle Division, with headquarters at Huntingdon, Pa. The Harrisburg Telegraph had this to say of Mr. DeHuff.

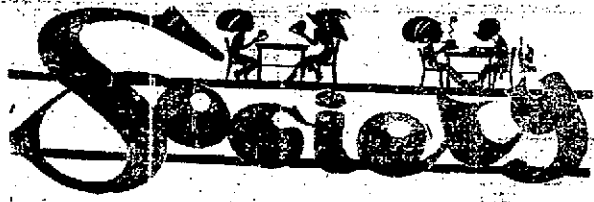

"Mr. DeHuff considered by the railroad officials to be one of the most competent and capable engineers ever employed by the company. "The railroad put forth every effort to have the train arrive in Harrisburg on scheduled time. Extra engines were stationed at Huntingdon and Mifflin to be used in case of an emergency."

WOULD TAKE 450,000 MEN

Intervention in Mexico Means Use of a Big Force.

WASHINGTON, Nov. 21.—State Department officials in discussing the Mexican situation today disclosed that three years ago the Army of 450,000 men and three years would be required for complete intervention in Mexico by the United States. Officials did not say what the present estimate of the general staff was but it was understood to be less than that prepared before the world war due to the development of new instruments of warfare and an increase in the American war materials of all kinds.

Discussing the case of William O. Jenkins, American consular agent at Puebla, officials said because of the Mexican government's laxity in trying to put down the revolution it had failed to give proper protection to Jenkins and that he might be a claim for the ransom paid to his captor.

Amy Smith stated:

"I find Moxley's Margarine gives excellent results in cooking, having tested it on corn bread, biscuits and cakes. I have also served it for table use and think only an expert could detect it from a good grade of table butter." Amy Smith heads the cookery department of the great woman's magazine, "Today's Housewife."

When a great Doctor, like Dr. Harvey W. Wiley, a great Chemist, like Professor Schweitzer, a great jurist like Judge Hughes and a great Cookery Expert, like Amy Smith, all agree, then their decision is certainly worthy of consideration by the rest of us.

And, their statements were made before Wm. J. Moxley, the founder of the margarine industry in America, had created this new and superlatively better product called "DIXIE MARGARINE."

"Pasteurization is the most vital thing in the treatment of foods made from milk. Your family physician or health commissioner will tell you how vital it is."

According to all government and food laboratory reports, Margarine has the highest food value in the entire list of foods—including butter itself.

Dixie Margarine is not only purer and better tasting than any margarine ever created before, but it is more nutritious than butter itself.

NERV-WORTH HIT THE SPOT WITH THIS CONTRACTOR
Banished Indigestion and Nervousness—"Headaches a Thing of the Past!"
This Morgantown, W. Va., man has the very best of reasons for giving praise as will readily be seen by those who read the following statement.

which he made over his own signature a few days ago. Mr. Furman is a well known plasterer and contractor.
Ream's Drug Store—Had nervous breakdown three years ago. Had been to Detroit sanitariums but got no better. Couldn't sleep at all well. Had pains in stomach and stomach. Was extremely nervous and suffered constantly from headaches.
I have taken two bottles of Nerv-Worth and feel altogether different. Get up in the morning rested and feeling fit. Stomach and appetite fine. Stomach no longer burns and aches.

My headache is a thing of the past. I can't recommend Nerv-Worth most highly. It hits the spot.

ACIDS IN STOMACH CAUSE INDIGESTION
Create Gas, Sourness and Pain. How to Treat.
Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, indigestion is delayed and food sour, causing the disagreeable symptoms which every

stomach sufferer knows so well. Artificial digestants are not needed in such cases and may direct burn. Try laying aside all digestive aids and instead get from any drugstore a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismarck Magnesia (in powder or tablet form) never irritates or milks the stomach. It is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion. Adv. delayed and food sour, causing the disagreeable symptoms which every

FRIDAY EVENING, NOV. 21, 1919.

THE WHITE HOUSE RESPONSIBLE.

Pittsburgh Dispatch.

Opinion seems to be sharply divided
on whether the condition of the treaty
is a case for the corner or the pul-
motor. As in an analogous human
case the pulmotor would be sent for
first, we must await the result of the
effort at re-education on the reopen-
ing of Congress. Senator Hitchcock
implies that the President will resub-
mit the treaty, possibly with amend-
ments. The votes of Wednesday show
unmistakably that there is no earthly
chance for the ratification of the pact
as it came from Versailles and as
signed by Mr. Wilson. This, indeed,
has been patent for a long time and
makes it all the more difficult to un-
derstand the parliamentary strategy
of the President in writing the letter
to Hitchcock which utterly repudiated
anything but the personal and official
version. If a compromise is to come
from the White House in December
why could not it have been offered
Wednesday? It was this unbending
autonomism to any compromise that
first drove away the mild reservation-
ists among the Republicans and finally
forced the rejection of the treaty.

To insist that the Versailles version
is without a flaw, that it cannot even
be interpreted in the resolution of
ratification, when it was evident that
it could never be ratified by the Senate,
as it stood, was trying against a stone
wall. Mr. Can it be argued that the
Senate majority had no right to its
views. The Senators, as well as the
executive, have a judgment and re-
sponsibility of their own. A majority
of them sincerely believed that the
treaty as it came from Versailles placed
and invited obligations in foreign
affairs that could be avoided by a
clearer statement of our constitutional
and historical position. This fear is
shared by a large body of the public,
who have no partisan bias in viewing
the treaty, but simply wish to have
American rights safeguarded, people
who are inclined to favor the league
of nations, or vice versa world organ-
ization for the prevention of war and
our participation in it if we are left
masters of our own fate. To these the
blunt declaration that the treaty must
be swallowed as it stands because
Messrs. "Joy" George and Clemenceau
had received certain assurances
seemed a simply absurdity of opinion.
As the situation stands the treaty is
dead unless the administration sup-
porters next month make the conces-
sions to those who honestly differ from
them that just as well might have been
offered this week. Those who have de-
termined that the United States shall
not enter the covenant except on
terms that will safeguard our inter-
ests will be as well satisfied if other-
wise we stay out. But the administra-
tion has absolutely nothing to gain by
forcing rejection of the treaty. Whether
the treaty is revived or is past re-
suscitation, depends wholly upon the
White House.

THE COAL STRIKE AND PUBLICITY

Coal Mining Review.
The power of publicity when prop-
erly directed has again vindicated it-
self in the coal strike. The people
wanted to know why a national strike
of the coal miners should take place.
There was no sound reason given by
the miners' leaders and the operators
took the position that they were will-
ing to continue existing wage agree-
ment until the end of the war or until
the peace treaty was ratified, or that
they were willing to negotiate a wage
agreement if the miners' leaders would
withdraw the strike order, or continue
the mines in operation while negotia-
tions were in progress.
This placed the miners' leaders on
the defensive in the eyes of the public.
The press of the country took up the
fight against the position of the
miners, when the representatives of
the press learned the miners' leaders
would not listen to the appeal of the
President of the United States to
avert the strike and keep the mines
in operation. Congress was aroused
by the searchlight of publicity which
was turned on the coal strike.

Apparently "mine" will have to con-
tinue being taken with certain reser-
vations.

Special to Morgantown.
A special Baltimore & Ohio train,
leaving Morgantown at 10 o'clock on
Thanksgiving morning, will be run to
Morgantown for the accommodation of
the football fans from Staunton, Con-
nelville and other points along the
line, who expect to take in the Wash-
ington & Jefferson football game.
Stops at Connelville, Dunbar,
Uniontown and Point Marion will be
made. The train will leave Morgantown
in the evening at 8:30 o'clock.
Tickets for the special train will be
purchased at the ticket offices where
the stops will be made.

Head and shoulders above the crowd
stands Thomas A. Edison!

"Head and shoulders" above the crowd of ordinary phonographs and "talking
machines" stands Edison's great contribution to the world's enjoyment—

THE NEW DIAMOND AMBEROLA

No product can be bigger than the brain that evolves it. No other
brain in the world today has the inventive ability of Edison's. That
fact alone is sufficient proof of the absolute superiority of the Amberola.

But the Amberola can
quickly and easily prove its
own superiority. Its tone—oh,
what a revelation, compared to
metallic "talking machines" and
shrill-sounding phonographs! None but Edison
could work that miracle of tone.

Then the Amberola alone!
They are practically unbreak-
able and everlasting—what a
contrast to the costly fragility of
other phonograph records.

And for range of music—
the widest in the world—all

the best, all the greatest, all the
latest. An endless feast of
fascinating melody.

Yet the biggest surprise of
all is the price! This wonder
phonograph costs less than in-
ferior competitors! There is

Firemen Meet Tonight.
 The Volunteer fire department have its regular meeting tonight. Annual nominations will be made. Arrangements completed for the annual comedy "Katcha-Koo" to be on some time in December.

West Penn Implements.
 The West Penn is improving switch on the top of the hill put in new frogs and laying new rails.

SAGE TEA BEAUTIFIES AND DARKENS HAIR

Don't Stay Gray! It Darkens Naturally That Nobody Can Tell.

You can turn gray, faded hair beautiful dark and lustrous all over night if you'll get a bottle of Sage and Sulphur Compound. This old famous Sage Tea Recipe, improved by the addition of other ingredients, is sold annually, says a well-known druggist here, because it cures the hair so naturally and even that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after a few applications the gray hair vanishes and your locks become luxuriant, dark and beautiful.

"This is the age of you hair," say unattractive folks who want to look around smart and busy with Sage and Sulphur Compound, right and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

A NASTY COLD EASED AT ONCE

"Pape's Cold Compound Then Breaks Up a Cold in a Few Hours."

Don't stay stuffed-up with blowing and sniffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head stops nose running, relieves the headache, dizziness, feverishness, sneezing, sore throat and stiffness.

Pape's Cold Compound is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—just on Pape's!—Adv.

Still Under Baby's (11b)
 YOUNGSTOWN, O. Nov. 20.—Acting on information contained in an anonymous letter, police and Federal officials raided the home of Steve Gologosa, a court interpreter and it is said discovered a couple still and 10 gallons of moonshine whiskey. The still was found under a baby's old fashioned crib.

CHRONIC DEAFNESS MAY BE OVERCOME

If you have Catarrh, Deafness, noise in ears, even just a little hard of hearing, or have had noises go to your head, get a bottle of Dr. Williams' Pink Pills for Pale People. It will often bring you relief from the distress of a head noise. Clogged nostrils, clogged throat, clogged ears, and the mucus stop flowing into the throat. It is easy to properly clean little and pleasant to take. Anyone going hearing or who has Catarrh, Deafness, or head noises should give this prescription a try.

When Constipated, Bilious, Headachy, Take
"Cascarets" for Liver and Bowels—No "Shake Up"

Are you keeping your bowels, liver and stomach clean, pure and fresh with Cascarets, or merely whipping them into action every few days with Salts, Cathartic Pills, Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets gently cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the

excess bile from the liver and carry out of the colon and bowels all the constipated waste matter and poisons so you can straighten up.

Cascarets tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause inconvenience; they cost so little too.—Adv.

THE PARAMOUNT

"FOR A WOMAN'S HONOR"—With H. B. Warner in the leading role, being shown today. The story is one of blackmail by an unscrupulous adventurer, the intrigues of a wily Oriental opium smuggler, and the self-sacrifice of a young English doctor who bore the stigma of a bigamist in his attempt to conceal what he believed to be the dishonor attached to the reputation of his fiancée's dead father.

Mr. Warner, as Captain Clyde Macnearing, the young doctor, has excellent scope for his splendid talent, and he works convincingly. This splendid actor never overacts, but his work is none the less effective for his quiet, tense methods.

THE SIOSSON.

"A DANGEROUS AFFAIR"—Featuring an all-star cast, headed by Herbert Rawlinson. Is an interesting attraction today.

"A Dangerous Affair" is the first of the series of the Miller productions coming under the banner of the Charles Miller Productions, Inc. Mr. Miller's own independent company, and it is the first to be released by Mr. Hall through his distributing branches.

The Film Clearing House is personally directed by Albert G. Miller, assisted by Albert G. Miller, Jr. and Earl as cameraman.

In this production Mr. Miller believes that he has given to the screen a picture containing a full quota of entertaining value and an all-star cast, each member of which is recognized as an artist in the art of interpreting the silent drama. Herbert Rawlinson is one of the screen's best known stars and leading light, and his support contains the names of those who have proved to be "bright" performers in other big screen productions, that they are masters of their art.

RELIEVES INFLAMMATION AND KNOCKS COLDS

Krew-Pina also Splendid for Cuts, Burns, Bruises, Bronchitis, Tonsillitis and Sore Throat.

Krew-Pina is an ointment that relieves internal and external inflammation. Gives quick relief to colds and often prevents pneumonia by breaking your cold while in the first stage.

Krew-Pina is a pleasant household ointment that will not blister the skin. It relieves rapidly wherever it is used and is splendid for coughs, colds, croup, tonsillitis and bronchitis. Sore aching feet are soothed and comforted by an application of Krew-Pina. Asthma, pleurisy, headache and neuralgia are speedily relieved. Sore joints and muscles, sunburn and insect bites respond quickly to one application. Eczema, cuts, burns and bruises vanish under Krew-Pina. Relieves colic and draws pain from sore throat. Splendid too for sprains, chilblains, hay fever, stiff neck, cold sores, whooping cough and many other minor ailments that beset the average family. Krew-Pina is excellent for the little hurts of the children, as it affords instant relief to pain and soreness. Used for croup, it relieves the congestion, stops the coughing and the little one passes peacefully to sleep. A jar should be kept in the medicine cabinet of every family.

FREE Anti-Influenza Sample

At all drug stores in 25 and 30-cent jars. Keep a little in your nostril and sniff the air you breathe. Send a postcard with your name and receive a generous anti-flu sample free postpaid. Address: The Krew-Pina Company, Wyndeburg, Penna.

Sunday School Notes

Prepared by J. H. Collins, Secretary.
Miss Martha E. Robison, state rural superintendent, was in Uniontown on Tuesday and held a conference with a number of Sunday school workers at the office of the association. She is very much interested in the community survey, and the rural Sunday school as the center of community welfare work. It is her desire that each district should have a rural superintendent, selected with special view to their qualifications for this line of work, who in co-operation with the county rural superintendent will endeavor to carry out a program of work which this department has suggested. Any one specially interested along this, or any other line of Sunday school work, may obtain fuller information by calling upon or writing the county secretary.

Through the courtesy of Miss Ruth Wylie of Vance Mill, secretary of district, it will consist of two sessions presided over by the president of the district, Rev. A. C. Brown, Jr., of Walpersburg; that of the afternoon beginning at 2:30, and another in the evening at 7:30 o'clock. In addition to 300 speakers, the program includes the names of the following county officers: Mrs. J. H. Collins, home and visitation; S. F. Griffin, teacher training; L. G. Chorprenning, president; and J. H. Collins, secretary. A pageant will be presented by high school students during the evening session. The officers of the district evidence a high appreciation of the responsibilities which they have assumed, and splendid results are predicted as the result of the association of this group of schools.

What proved to be a successful Father-and-Son day celebration was held in connection with the church and Sunday school at Lemont. The Sunday services included the boys having a part in the opening program of the Sunday school in the morning, and a sermon by the pastor to the fathers and sons in the afternoon. The Dunderberg male quartet assisted at the latter service, rendering several selections which were highly appreciated. On Tuesday evening the banquet was held, a splendid menu consisting of cold meats, sandwiches, pickles, cake, coffee and gingerbread being served by the ladies to the men and boys, who filled a specially constructed table extending the full length of the Sunday school room. The first to respond to a toast was Mr. Means' four-year-old son, the youngest member of the party; while G. F. Griffin, a special guest and the oldest person present in point of years, yet as young as any in spirit, kept the fun going and furnished amusement for the young folks. Other speakers included Dr. Woodmyer, Rev. Humbert, the pastor, and J. H. Collins, superintendent.

DOUBLE BEAUTY
OF YOUR HAIR

"Danderine" creates mass of thick, gleamy waves

"Danderine" Creates Mass of Thick, Gleamy Waves.

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the "Danderine" and draw this through your hair, taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor, and brightness in your hair. This stimulating tonic will tighten your scalp, check dandruff and falling hair and help your hair to grow long, thick, strong and beautiful.—Adv.

Asthma
Is Dangerous

Folly to Disregard Its Warning.

Asthma is not only a disagreeable affliction but a dangerous one. The constant difficult breathing, the choked up passages, the struggle for air, the loss of rest, combine to force a great strain on the nervous system and heart—often too great a strain to stand. It is the worst of folly to neglect such a condition or to continually treat with ordinary narcotic medicines, drugs, inhalers, smokes, or do those which merely give temporary relief from the choking paroxysms and do not relieve or correct the real cause of the trouble. Instead get from A. A. Clarke, or any druggist, a small bottle of Oxidase (essential oil), tablets and have one at short intervals whenever distress is felt and one on going to bed. Instant relief is usually felt and in addition the effect of constant treatment is to gradually bring about a greatly improved health condition as the symptoms of Asthma disappear forever. Oxidase is the successful prescription of a Worcester, Mass. physician and its treatment of Asthma, even in the very worst form, has probably never been excelled.

A. A. Clarke sells it and patients find it a safe, pleasant and inexpensive treatment to use.—Adv.

Presiding Elder

Feels Ten Years Younger

Rev. W. B. J. Powell, presiding elder of the Fourth District West Arkansas Conference, Camden, Arkansas, says: "One of my parishioners recommended Dr. Chase's Blood and Nerve Tablets to me and I thank God I found this remedy for I really believe I should have died had I not found it. My strength has been restored and I feel ten years younger. Before I used Dr. Chase's Blood and Nerve Tablets, I used to be so weak at times I had to hold on to the pulpit while delivering my sermons. There were nights when the slightest noise would awaken me as the closing of a door or the flapping of a window shade. I was nervous, had lost control of my bowels, and sometimes it seemed as though there was no feeling in my lower limbs." Sold by Druggists at 50 cents, Special (Stronger more Active 20 cents).

Dave turned about. "You know I don't claim to be any great moralist, Conward," he said, "and I have no pity for a gambler who deliberately sits in and gets stung. Consequently I am not troubled with any self-pity, nor any pity for you, and if you can get rid of our holdings to other gamblers I have nothing to say. But if it is to be loaded onto women who are investing the little savings of their lives—women like Bert Morrison and Mrs. Hardy—then, I am going to have a good deal to say." Dave went on with rising heat. "If business has to be done that way, then I say to you with business!"

"I asked you not to quarrel," Conward returned, with remarkable composure. "I suggested that we get at the facts. Now, granting that the boom is over, where do we stand? We are rated as millionaires, but we haven't a thousand dollars in the bank at this moment," he lifted Mrs. Hardy's check. "Would you have seen over next payday, but you say the firm must have nothing to do with it. And which is the more material—do you have spoken of morality—to accept labor from clerks when you can't pay or sell property to women who say they want it and are satisfied with the price? We have literally thousands of unsettled contracts. We must keep our share together. We have debts to pay, and we owe it to our creditors to make collection up to the hilt of the system. Still, to war they don't usually kill women and non-combatants. That is the point I'm trying to make. I'm so sentimental about others who are in the game as we are. If you limit your operations to them—"

"The trouble is, you can't. They're wise. Most of them have already

HER DAUGHTER WAS SAVED FROM OPERATION
Mrs. Wells of Petersburg Tells How.
Petersburg, Va.—"For two years my daughter suffered from a weakness and pains in her right side; at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her."—Mrs. W. D. Wells, 226 North Adams Street, Petersburg, Va.

If every girl who suffers as Miss Wells did, or from irregularities, painful periods, backache, dizziness, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial, they would soon find relief from their troubles. For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years' experience is at your service.

He dressed with care. It was not until he was about to leave his rooms

BELCHING Caused by Acid-Stomach
Let EATONIC, the wonderful modern stomach remedy, give you quick relief from distressing belching, food poisoning, indigestion, bloated, easy stomach, dyspepsia, heartburn and other stomach troubles. They are all caused by Acid-Stomach (gas) which about nine people out of ten suffer in one way or another. One writes as follows: "Before I used EATONIC, I could not get a bite without belching it right up. Now I feel like I was not having a bit of trouble since the first tablet."
Many are victims of Acid-Stomach without knowing it. They are weak and ill, have poor appetites, feel nervous, and have other troubles that are really due to the fact that the stomach is not working properly. EATONIC is the remedy. It is a wonderful remedy and I do not want to be without it."
If you are not feeling quite right—lack energy and enthusiasm and don't know just where to locate the trouble—try EATONIC and you will find out. You will feel in every way.
At all drug stores—a big box for 50c and your money back if you are not satisfied.
EATONIC FOR YOUR ACID-STOMACH

Dave paused for a moment, but in that moment his eye fell on Conward.
that he remembered he must dine alone; he had been dressing for her, unconsciously. The realization brought him up with something of a shock.
"This will never do," he said. "I can't eat alone tonight and I can't ask Beulah, so soon after the incident with her mother. I know—Bert Morrison." He reached for the telephone and

rang her number.
Her number did not answer. He thought of Edith Dunham. But Edith lived at home, and it was much too late to extend a formal dinner invitation. There was nothing for it but to eat alone. He suddenly became conscious of the great loneliness of his kitchen fire. The kitchen at Edith's was a room which only needed contact with the gentle atmosphere of Edith's affection to be warmed. He took his hat and coat and went into the street. It was his custom to take his meals at a modest eating place on a side-street, but tonight he directed his steps to the best hotel the city afforded. There was no wisdom in dressing for an evening at home, he was going to deflect his course somewhat from the daily routine.

See Eczema Disappear
Use Hokara for This and Other Skin Diseases Which Ruin Complexion.
A clean, fair complexion is the most noticeable of woman's charms—look to your skin for your pleasing healthy appearance. Thousands of people suffer the unbearable itching and thoughts of skin broken out and marred by eczema. Most folks are sensitive and embarrassed at their own appearance.
The majority of people trust to time and nature to get rid of their pimples and blemishes just because they dislike to use a greasy, vile-smelling ointment or salve. The treatment that does away with this unpleasantness is the Hokara treatment—modern, effective, and pleasant. Does not soil clothing or leave skin cracked.
The power of Hokara to relieve quickly any itching, burning of the skin and to make it soft, white and velvety is almost miraculous.
Other skin troubles like pimples, blackheads, barber's itch, etc., quickly respond to Hokara. Even the worst cases of eczema, ulcers, and itchy and chronic skin diseases are successfully treated with Hokara. The married couple becomes noticeably less each day, leaving as it feeds away a clean healthy skin.
You can get a liberal jar of Hokara for 25c. Larger sizes, 50c and \$1.00. Sold on a guarantee and recommended by A. A. Clarke, druggist—Adv.

WORKS HARD TO AVERT FLU EPIDEMIC
Government and City Health Officials Warn People to Keep Clean.
Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.
Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.
People who have catarrh or frequent colds, influenza, declare a prominent Kentucky druggist.
The membranes of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.
He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.
Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.
Four three-quarters of an ounce of Mentholized Arcline in a pint bottle, then fill the bottle with water that has been boiled.
Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It is a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.
Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

OLD DUNBAR TOWN FURNISHES INTERESTING BATCH OF ITEMS

Special to The Courier.

DUNBAR, Nov. 21.—The Dunbar Electric company is having poles placed along the Ferguson road from Pechin to a point south of Kellers, and expects to furnish lights to a number of residences in that section. It is also probable that after the lines are completed most of the residences in that section will become patrons and enjoy the convenience of electricity.

Miss Jessie Baker left today for Clairton where she has accepted a position as clerk in the postoffice, under the new postmaster, Mrs. Sadie R. Keffer, who will take charge next week. The new postmaster is a daughter of J. L. Keffer of this place, and was a well known Fayette county teacher before locating in Clairton.

Mr. and Mrs. Roy Denbow and baby left Monday for Baltimore, to spend their Thanksgiving vacation with his mother, who resides in that city. Mr. Denbow is assistant agent at the B. & O. office here and resides with his family on Water street.

Rev. C. S. Bolton, the pastor of the First M. P. church here, is at Mt. Zion, Washington county, holding a two weeks series of revival meetings. Rev. Bolton is widely known as a successful evangelist and in the present case is assisting Rev. G. G. Conway who is pastor at Mt. Zion. Last Sunday Rev. Conway preached morning and evening to the congregation here. Rev. Conway was years ago the pastor of the M. P. church here. He is a brother of the aged Rev. P. T. Conway of Fairchance, pastor of the Pittsburgh M. P. conference. Rev. Bolton expects to be home for next Sunday's services.

The Ladies' Friendly Bible class of the M. P. church here will serve a chicken and waffle supper in the basement of the church Thursday evening, November 20, at which they expect a large attendance. This class is composed of the adult ladies of the congregation, and is the largest class of its sort in the community. Whatever they do they do well.

Mr. and Mrs. Robert Snyder are

spending their Thanksgiving vacation with relatives at Altoona. They expect to be gone about ten days.

Mrs. C. E. Riley who has been on the sick list for several weeks, is improving. Her son, Leonard, who has been seriously affected with diphtheria and quinsy for a month, is beginning to improve and has an excellent chance to recover.

Rev. D. E. Miner was visiting his sister, Mrs. John Rockwell of Balastrer, Tuesday and helped them butcher. They killed four fine hogs, which though but April pigs, cleaned over 900 pounds. Rev. Miner brought home a liberal basket of the sausage and choice cuts of the meat.

Thomas Marden of Ferguson is transacting business in Mt. Braddock Tuesday.

Mrs. C. E. Gaddis was visiting friends in Uniontown, Wednesday.

Mrs. J. L. Keffer was visiting her sister, Mrs. B. A. Bryan of Uniontown, Tuesday.

Mr. Herman Barhart of Mt. Braddock, was visiting in Dunbar yesterday.

Alex Duncan and J. C. DeOre were Uniontown business visitors last Friday.

Harry B. Keffer who is convalescing at the home of his mother, Mrs. D. A. Keffer, was visiting his brother, W. G. Keffer, postmaster of South Connelville, this week.

Mr. Mardo-Kelly and his brother Thomas, Jr., of Pechin, have returned from a visit with relatives in Pittsburgh. Their sons, Mrs. Otto Benz and Mrs. Catherine Hibner of New York, who had also been visiting in Pittsburgh, accompanied them home and expect to spend at least a fortnight with them.

SON BRINGS AID TO MOTHER-IN-DISTRESS

Less than a month ago Mrs. M. J. Staley, 2615 N. 13th St., Phila., had such poor blood circulation that her fingers became numb and useless. Today, after taking Tanlac, she can use her hands freely; her nerves are much stronger and she feels years younger. She says:

"I'm certainly glad I took Tanlac, which my son brought me, as my appetite increased, my food digested right and I haven't felt so vigorous in years. Tanlac is really marvelous."

The stomach regulates the condition of the blood. Tanlac tends to act directly on the stomach, expelling from it the impurities and restoring it to a strong, healthy condition. Tanlac is called the "Master Medicine" because it masters when others fail. It is now sold here by Beighley's Pharmacy, Connelville Drug Co., P. R. Harshman, Adams.

CATARRH

Quickly Cured By a Pleasant, Healing Antiseptic Air. Just Breathe It.

The little hard rubber Hyonol inhaler which you can get at A. A. Clark or any reliable drug store can easily be carried in pocket or purse. It will last a life time.

Into this inhaler you pour a few drops of the pure healing oil of Hyonol.

This oil is absorbed by the antiseptic gauze within and now you are ready to breathe it in over the germ infested membranes where it will speedily begin its work of healing catarrhs, germs and ending Catarrh. Hyonol is made of Australian eucalyptus combined with other antiseptics and is very pleasant to breathe.

It is guaranteed to banish catarrh, bronchitis, influenza, tonsillitis, sore throat, croup, coughs and colds or money back. It often cleans out a stuffed up head and opens clogged nostrils in two minutes.

Complete outfit, including inhaler and one bottle of Hyonol, costs but little, while extra bottles, if after needed, may be obtained at any drug store for a few cents.

MI-ONA Ends indigestion

It relieves stomach misery, sour stomach, belching and all stomach disease or money back. Large box of 24 tablets 50 cents. Druggists in all towns.

What a pity she doesn't know Resinol Soap would improve her complexion

Remarks like the above are passed about many girls whose appearance would be most attractive were it not for a poor skin. RESINOL SOAP is just what such girls need to help in overcoming their complexion difficulties. It does more than remove dirt—it gets right after those clogged pores, and excessive oiliness, and it benefits the skin cells. When a little Resinol Ointment is used in connection with Resinol Soap, relief is hastened, and unless the trouble is due to some internal disorder, the complexion is usually cleared in a short time.

RESINOL SHAVING STICK is very popular with men who like the way the Resinol in it soothes the face.

Resinol products at all druggists.

When Your're Planning To Go Back

Society Brand Clothes

Home for THANKSGIVING

Not the Cost, but the Quality of the Clothes you must buy will be the great consideration.

Warm hearted, spontaneous admiration from Mother and the Girls will please you mightily, but the gleam of a bit of Man-to-Man respect in Dad's quizzical eyes will be needed to complete your satisfaction.

Society Brand, Hirsh, Wickwire and Michaels-Stern Clothes combine those qualities which will command his approval.

Back of their Style, Durability and Value lie our fullest guarantee and every service that has gained for our Men's Store its well merited reputation of honorable dealing and dependable values.

the SUITS

careful tailoring, fine all-wool weaves, the very best of the warm browns, good navies and other colorings, cut with the snug shoulders and high waistline beloved by the young chap, or more conservatively for the older man, they represent nothing but the best values obtainable whether priced at

Buying a Roaster Requires Care

For upon it depends whether or not your turkey will be deliciously crisp and brown as to skin and tender and moist when the carving knife slides through the white meat or whether it will be dry and hard. Either an aluminum or a savory roaster with its self basting lid will guarantee the big bird to be all you could hope for. The extra handles along the sides and the extra vent in the lid of the aluminum roasters add just that much convenience to handling in the oven—convenience which the savory does not have.
